RICHMOND MAN VIEWS DEAD BODY

Thought Corpse of W. H. Payne Might be That of S. J. Payne.

HIS BODY SUBJECT TO ORDER

(Special to The Times-Dispatch.)
NORFOLK, Va., Jan. 26.—A man from Richmond, who declined to give his name to reporters, viewed the body of W. H. Payne, at the city morgue to-day with a view of establishing his identity. W. H. Payne, who escaped from the insane asylum at Williamsburg several years ago, and has not since been heard of. The dead man proved not to be the one the Richmonder, a relative of S. J. Payne, was looking for. The police are still holding Payne's body, subject to order from his relatives in Richmond.
Frank Finlings, who came to Norfolk from Tarboro, N. C., for the purpose, he said, of burying his brother, who died in a hospital, was fined \$25 and cost in the Police Court to-day on the charge of carrying a revolver. Finlings told the court that he had been robbed shortly after reaching Norfolk, and that he was in the act of defending himself against the robbers when he was arrested.
The sentence of the court was remitted pending an investigation, and the police will make an effort to locate the supposed robbers.

HIS THEORY AT FAULT.

Rev. S. K. Tune, Who Declared He Would Never Die, Killed.
(Special to The Times-Dispatch.)
BLUESFIELD, W. Va., Jan. 26.—News reached Bluesfield last evening of the death of S. K. Tune, which occurred during the afternoon at North Fork. Few details could be learned, but it was said that he was struck by an engine while walking along the railway tracks, and so badly mangled that death was instantaneous.
The deceased was aged about eighty-five years, and was well known throughout this section, especially so in Tazewell county, Va., where he lived for more than a decade, and where it is said that he had many warm friends.
He had been an itinerant preacher, and the doctrine he expounded was unique. Of course, we all believe in the immortality of the soul, but he went much further, and claimed that the body, too, was undying. He often said in his exhortations that so long as people lived as the Creator intended them to live, and kept the faith, they could not die; their

bodies being no less immortal than their souls. It was only those who violated the laws of Almighty God that were doomed to die. Their sins made them mortal. He made the statement many times that he would never die, and that his fleshly body would endure for countless ages, or as long as the world stood.

So active was Mr. Tune, despite his advanced age, up to the very day of his death, that some of those who had known him longest were almost converted to a belief in his strange religion; at least, so far as Mr. Tune himself was affected. For years he had scarcely seemed to age at all, and it is said that at eighty-five he had the appearance of a man of fifty. The deceased leaves a family of seven or eight grown children, all of whom live in this section. His widow, who resides at Bernwell, also survives. He was a native of Kentucky, and his remains will be taken to Carlisle, in that State, where lives his only brother, for interment.

TURNER SENTENCED.

Will Hang March 10th for the Murder of Negro Woman.

(Special to The Times-Dispatch.)
ABINGDON, Va., Jan. 26.—Robert Turner, colored, who was convicted of the murder of the colored woman, Lou Jefferson, at the December term of the Circuit Court, was sentenced by Judge Hutton yesterday to hang March 10th. When the judge asked him just before sentence was passed if he had anything to say, he replied yes, and made this brief statement: "I did not know what I was doing, and the witnesses against me swore falsely."
The judge replied that it was not his duty to pass upon the guilt or innocence, but that it was his duty to pass the sentence of death.

Should the execution take place, Turner will be the first man who has been hanged in Washington county for over forty years.

HALIFAX COURT.

Joe Fourqurean Acquitted of Train Wrecking.

(Special to The Times-Dispatch.)
HOUSTON, Va., Jan. 26.—The criminal docket is being rapidly disposed of in Halifax Circuit Court, and there will be a batch of prisoners for the penitentiary ready by next Monday. Most of the time in court to-day was taken up in the trial of Joe Fourqurean, colored, for train wrecking. He was acquitted. The case against Joseph Koyall, colored, for malicious shooting, is set for to-morrow.
There are several cases of confluent smallpox at different sections in the county, and Dr. H. S. Bell, county superintendent of health, is trying hard to prevent its spread.

BRYAN IN ALEXANDRIA.

Speaks on the Value of an Ideal to a Large Crowd.
(Special to The Times-Dispatch.)
ALEXANDRIA, Va., Jan. 26.—William J. Bryan, of Nebraska, delivered an address before a crowded house in the Opera House here to-night on the subject, "The Value of an Ideal."
The address was in the interest of the building fund of Lee Camp, Confederate Veterans.

VIRGINIA BRIEFS

(Special to The Times-Dispatch.)
CARVERVILLE, Va., Jan. 26.—Mr. Phil G. Rhodes, of Enid, Okla., is visiting his brothers here. Mr. Rhodes left here when quite a young man, nearly forty years ago, and this is the first trip he has made back.

FREDERICKSBURG, Va.—Two colored employees on the double tracking work of the Washington-Southern Railroad, became involved in a quarrel Monday night over a woman near Cherry Hill. One of the men drew a pistol and shot the other, killing him instantly.

OSBORNE GAP, Va.—L. M. Vanover is preparing to begin the publication of a weekly newspaper at Clintwood. The paper will be mainly Republican in politics. Mr. Vanover has had some experience in newspaper work.

SCOTT'SVILLE, Va.—Mr. Jackson Beal, of this county, has received a telegram from W. W. Wilmer, New York, asking that a reward of \$500 be offered immediately for the arrest and conviction of the incendiary who set fire to Plain Dealer, or for the instigator of such incendiary.

SUFFOLK, Va.—A fire this morning rendered temporarily homeless the corps of engineers which is surveying for the Tidewater Railroad. Their tents, near Suffolk, caught fire and were consumed, together with the personal effects of the engineers entailing a loss of several hundred dollars.

WAS STAB MADE BY DAGGER OR KNIFE?

(Continued from First Page.)

tending to show that it was a dirk. Dr. Brown was on the witness stand about an hour after court met in the afternoon. All the questions put to him had a bearing on the kind of knife used.

Fishburne's Dir.

Following Dr. Brown came Dr. Buckner, Clay Franklin and James P. Hart, who were in Vaughan's grocery store on Saturday night before the tragedy. They testified that the blade of the knife he exhibited was about 3 1/4 inches in length, and from 1-3 to 3-4 inches wide.

Dr. Buckner asked "Charles what in the thunder are you doing with such a knife," and "What do you do with your knives," related Fishburne. "I use them," replied the doctor. That is what I do with mine, replied Fishburne. The witnesses stated that they heard him make no threats.

A dirk was shown by the Commonwealth, which the witnesses identified as similar in appearance to the one shown by Fishburne.

Dr. H. E. Jones, who was one of the physicians who attended Dr. Lefew, was the next witness. He also testified in regard to the wound. His testimony agreed with that of Dr. Brown in regard to the depth of the wound. At the request of the Commonwealth, he illustrated to the jury what force would be required to cut through the cartilage by striking them on the chest. Dr. R. W. Fry was the last witness for the day. He testified in regard to the wound, and the condition of Dr. Lefew.

Court adjourned at 6 o'clock to meet at 10 to-morrow morning.

ROMANTIC MARRIAGE.

Miss Isabelle Frances Booker Bride of Dr. D. H. B. Morgan.

(Special to The Times-Dispatch.)
WINCHESTER, Va., Jan. 26.—A romantic marriage took place late in the afternoon at Christ Protestant Episcopal Church, in the presence of a few friends when Miss Isabelle Frances Booker became the bride of Dr. Daniel Henry Bedinger Morgan, of the United States navy, for and wedded. He was accompanied by the bride of Mr. John Wilson Bedinger, and Mr. W. Roy Stephenson was best man.

Dr. Morgan although only thirty-one years old was recently retired on account of nervous prostration and while undergoing treatment at Winchester Memorial Hospital, he was nursed by Miss Booker, who was employed at that institution. They fell in love and arranged to wed as soon as his health permitted.

Dr. Morgan is a native of Jefferson county, West Virginia, and a descendant of General Daniel Morgan, of the Revolution. His bride is a daughter of Thomas Tabb Booker, of Amelia county, young and pretty.

Jarvis-Philpott.

(Special to The Times-Dispatch.)
NORFOLK, Va., Jan. 26.—One of the prettiest weddings of the season, so solemnized this afternoon at 4:30 o'clock at the Cumberland Street Methodist Church, when Miss Mary Louise Philpott, daughter of Mr. John Wilson Philpott, Rev. C. L. Bane, pastor of the church, officiating.

Miss Sarah Ashby, of Franktown, on the Eastern Shore of Virginia, was maid of honor, and the bridesmaids were Miss Ada Bell, Miss Beatrice Simpson, all of Norfolk, and Miss Mattie James, of Loudounville, on the Eastern Shore of Virginia.

A. B. Jarvis, brother of the groom, was best man. The ushers were Willie Goodwin, Charles Owens, Will Granby and Lloyd Newcom.

Brame-Dempsey.

MIDDLE-MEN TO BE FORCED OUT

(Continued from First Page.)

and parish, and sub-divisional associations, all related to the parent stem. Officers are to be elected once a year.

The following resolution was offered by Senator McLaughlin, and adopted: "That a special committee be appointed by this convention to confer with the President of the United States, the Secretary of Agriculture and the manufacturers of cotton goods, to obtain such concerted action as will enlarge our trade in cotton products in foreign countries."

J. A. Brown, of North Carolina, offered this resolution, which was adopted: "That the officers of this convention will be required and instructed to immediately formulate a plan to pool 5,000,000 bales of the present crop and retire the same until after October 1, 1906."

A resolution by E. C. Smith, of South Carolina, was passed providing for the appointment of an executor by each county in the interest of the effective carrying out of the pledge to reduce acreage.

Pay Rent in Farm Products.

A resolution by John Bostwick, of Georgia, was passed asking land owners, who have their land rented, to agree to accept as part payment for rent corn, wheat, oats or any other staple products at market prices, provided the tenant will reduce his cotton acreage.

The committee of South Carolina, presented the report of the Committee on Resolutions, heartily approving the reduction of acreage and fertilizers and urging "all owners of cotton to hold it until the government report on acreage shows that the cotton crop is so small that they have complied with their agreement, demand the value of their product."

The following resolution was unanimously adopted and copies ordered sent to President Roosevelt and the Southern senators: "We hereby endorse the movement on foot to endow the Interstate Commerce Commission with full and complete control over alleged discriminations and abuses by railroads, with power to force their findings into effect, and to support and aid in the passage of this measure."

WILLARD AND SWANSON DENY

(Continued from First Page.)

emphasis that he had never antagonized the employers' liability act. He said: "The statement of Mr. Pillow that I at any time under any circumstances ever opposed the employers' liability bill is an absolute and unqualified falsehood. I saw Mr. Pillow to his face and told him the statement was absolutely false. He stated to me he knew nothing personally about my opposing the bill, but that he was told that I had done so. I demanded of him that he name the author of that falsehood. He refused to do so."

"The vote was in the Virginia Legislature, of which I was never a member, for the man to name any person, member of the Legislature, or otherwise, that I endeavored to influence directly or indirectly against the measure. On the contrary, I favored the bill, and before it was enacted into law or had received the endorsement of the Democratic convention, I wrote a letter to the Legislative Committee of the Locomotive Engineers that I favored the legislation, and that if elected Governor, would not only sign the bill, but would recommend its passage to the Legislature."

"As Mr. Gompers, president of the American Federation of Labor, has stated, my record in Congress shows I have always voted for and advocated legislation favorable to the workman. I wish and invite an examination of my record in this respect, and am perfectly willing for the voters to decide their preferences on the records and votes in comparison with those of my competitors. Those who circulate in the future the remarks of Mr. Pillow knowingly circulating a malicious falsehood."

COLD WEATHER NOW GIVING WAY

New York Recovering From Freeze—The Temperature Rising Along Coast.

TRAINS AND VESSELS LATE

(By Associated Press.)

NEW YORK, Jan. 26.—New York tonight is recovering from the effects of yesterday's storm, which so effectively put a stop to traffic and tied up some lines of business. Although the day was bitter cold, 15,000 men were sent out to remove the snow from the leading thoroughfares, and, aided by the men of the surface car roads, many avenues of travel are now open. Cars are running on many of the principal lines, the railroads are sending out trains, ferry boats are running on schedule, and milk, coal and food supplies have begun to reach the city.

Over two hundred and fifty shovellers were treated at hospitals below Fourteenth Street for frostbites, and scores of others were attended at up town institutions and by physicians. Owing to the difficulty in reaching down town offices, but little business was transacted during the day, and places of amusement were scantily attended to-night.

Suburban railroad traffic gradually resumed normal conditions late in the day, but through trains on most of the roads were hours late.

Slept in Stations.

Over five hundred men and women spent last night in the passenger station at Long Island City, and 135 persons slept in the station at Jamaica, L. I. Many others were compelled to remain all night in trains and trolleys stalled in deep drifts on roads around New York. The embargo on shipping was lifted with the dawn of day, and the large fleet of delayed liners reached port to-day. All report tempestuous voyages and much suffering among their crews. The steam lighter Clarence, which left Bayonne, N. J., for Brooklyn yesterday, with seven men aboard, reported being heard from. A vessel on duty, the tug of Robing Roy, and it is feared it may be the Clarence.

The firemen of New York suffered severely from the effects of the storm. They responded to twenty-nine alarms, and, by the orders of the commissioner, were denied their usual time off duty. The cold weather, which has been general along the Atlantic coast, appears to be giving way. At 10 o'clock to-night the mercury in New York registered 10 degrees above zero. In Washington, Baltimore and Philadelphia it was in the low 20s. Boston, 13; Atlanta, 23; Jacksonville, 34; Asheville, N. C., 14. Reports from New York State points show that the cold is still severe. Reports from Pennsylvania indicate some improvement in conditions, although traffic and business in the Wyoming Valley are

KILLS GERMS OF CATARRH

Hyomel Goes to the Root of the Disease And Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply. Hyomel is the only specific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood, and effectually drives from the system all traces of catarrhal poison.

Thousands of testimonials have been given as to the astonishing cures made by this remedy.

Mrs. Le Heudon, 78 Western Avenue, Cleveland, Ohio, writes: "I believe Hyomel saved my life. I am better now than I have been in thirty years. Many doctors, both in England and France, treated me for catarrh, but I was not cured until I used Hyomel. The complete Hyomel outfit costs but \$1.00, consisting of an Inhaler, dropper and sufficient Hyomel to last several weeks. This will effect a cure in ordinary cases; but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then extra bottles of Hyomel can be obtained for 50 cents."

SIR THOMAS FRASER BEING ENTERTAINED

(By Associated Press.)

TAMPA, Fla., Jan. 26.—The damage done by the cold wave appears to be confined to vegetables, and the tender fruits, such as guavas, avocado pears and the like. While some orange growers report that their fruit is frozen on the trees, all agree that there has been no serious damage to the trees.

The greater portion of the orange crop of this section had been gathered. Some damage has been done in the pineorchards, to what extent it is too early to determine. At 7:30 to-night the thermometer stood at freezing and was falling.

Damage to Vessels.

(By Associated Press.)

BOSTON, Jan. 26.—New England was engaged to-day in shaking itself from the grasp of yesterday's blizzard and reckoning the damage caused by the severest storm in six years.

On land the loss was comparatively small, being confined principally to the transportation companies, but along the coast the list of marine accidents showed one steamer, eleven schooners and a small sloop ashore between Block Island, R. I., and Eastport, Me.

The protected cruiser Chattanooga was blown nearly a hundred miles off the coast while on her way from Boston to Cape Ann to act as a stake boat for the speed trial of the armored cruiser Maryland.

Steamer Ashore.

(By Associated Press.)

NANTUCKET, Mass., Jan. 26.—The freight steamer Georgetown, of the Atlantic Steamship Company's fleet, went ashore during last night on the outside of Great Point. The captain and crew of seventeen men landed in safety. The steamer lies in an easy position. The Georgetown left Portland Tuesday morning for New York, and was blown off the coast by the storm.

It was through Sir Thomas that Major Kitchener was given command of the cavalry wing of the Egyptian army, thus giving him the start that has ended so brilliantly.

Blaze in New York Does Much Damage—Steamship in Danger.

(By Associated Press.)

NEW YORK, January 26.—Fire, which started in wooden buildings in South Street, near the East River waterfront this afternoon, gave the firemen a desperate two-hour battle, and threatened to destroy a large amount of property. Among the buildings, which for a time were in great danger, was an immense bonded warehouse, in which many hundreds of thousands of dollars' worth of valuable property was stored. The warehouse was saved, however, and the flames were finally subdued after four buildings had been badly damaged, resulting in a loss of \$100,000.

The fire was a most spectacular one, and the firemen had to brave the danger of explosion in addition to the severe cold as a large quantity of oil in casks and cases was stored in the Borne-Bersmyer Company building, where the fire started. The burning oil sent up great sheets of flame and volumes of dense, black smoke hung over the river.

The Borne-Bersmyer Company building, the flames spread to a big building occupied by the Newhall Ship Chandlery Company and thence to the Mallory Steamship Line storehouse and The "Frisco," a water front hotel. Several other buildings caught fire, but the flames were extinguished with little damage. All of the four buildings named, however, were badly burned. While the fire was at its height the Mallory Line steamship Rio Grande, which was lying at a nearby pier, was believed to be in serious danger, and she was run out into the stream.

Escaped Murderer Traced.

(Special to The Times-Dispatch.)

BOYLSTON, Va., Jan. 26.—A murderer, Arthur Bacon, who shot and killed John Pulliam near Jefferson Junction, some 10 weeks since, and who made his escape from the county, has been traced to Philadelphia, where he has relatives.

The condition of W. H. C. Walker, deputy circuit clerk of Mecklenburg, who was paroled last week and had to be taken to his home, is much improved, and his family thinks he will soon be relieved sufficiently to resume his duties in the clerk's office.

General Lord Kitchener Was Under His Command in Egyptian Army.

(By Associated Press.)

Major-General Sir Thomas Fraser was the guest of honor at a dinner given by Colonel W. Gordon McCabe on Wednesday night.

Last night Sir Thomas was entertained at dinner by Miss Frances Scott and Mr. George Cole Scott. There were present Colonel Archer Anderson, Hon. Beverly B. Munford, Mr. Allen Potts, Mr. Thomas Nelson Carter and Mr. Thomas Branch Scott.

To-day Sir Thomas will be the guest of Colonel Cuthshaw on a trip down James River to visit the historical country places and battlefields.

"I am here to learn all I am able to learn about the great Civil War," said Sir Thomas.

A distinguished soldier who has seen service all the world over and has been decorated more than once for bravery, this English officer, is as familiar with the southern battlefields and the history of the war as is the best informed of our own officers.

It is of interest to know that Major-General Sir Thomas Fraser was chief of staff of the Egyptian army, and had under him the famous General Lord Kitchener, who was then only Major Kitchener.

It was through Sir Thomas that Major Kitchener was given command of the cavalry wing of the Egyptian army, thus giving him the start that has ended so brilliantly.

Sir Thomas was in command of the relieving army sent to release Chinese Gordon, who was his close friend.

In speaking of General Gordon, Sir Thomas said that he was second only to General Robert E. Lee as a military genius.

On Saturday, Sir Thomas will be the guest of the Deep Run Hunt Club.

Dyson—Allen.

(Special to The Times-Dispatch.)

PETERSBURG, Va., Jan. 26.—Miss Lella Phyllis Dyson, daughter of Anna B. Dyson of this city, and Mr. Temple Spotswood Allen, of Richmond, were married this morning at the residence of the bride's mother, on Liberty Street, Rev. R. M. Maxey, of Richmond, performed the ceremony.

Mr. and Mrs. Allen went North on their bridal tour.

Austin—Woodridge.

(Special to The Times-Dispatch.)

LYNCHBURG, Va., Jan. 26.—Miss Grace L. Woodridge, of this city, yesterday afternoon, at the home of her mother, became the bride of Mr. Frank B. Austin, who is a prosperous farmer of Charlotte county.

Frierson—Stephenson.

(Special to The Times-Dispatch.)

SUFFOLK, Va., Jan. 26.—Thomas M. Frierson, of Scotland Neck, N. C., was married in Suffolk to-day to Miss Mary Stephenson, daughter of Mrs. Henrietta Stephenson. The ceremony was performed at the bride's home by Rev. L. E. Barton.
